EDUCATION

Architectural Association School of Architecture

Sept. 2024 – Present

Master of Architecture | Architecture and Urbanism (DRL)

London, UK

Spyropoulos Studio | Researched robotic agency by fabricating **self-assembling robotic units** equipped with machine vision, and **simulating collective spatial construction** in Unity, Isaac Lab, and Grasshopper.

Workshops | InterActive Wireframes (piano wire fabrication + Arduino development).

Pattern Machine (C# for Unity development).

Resilient Connections (wooden joinery fabrication + Grasshopper simulation).

Chang'an University (Project 211)

Sept. 2016 – July 2021

Bachelor of Architecture | Architectural Design (5-year programme)

Shaanxi, China

Core Courses | Graduation Project (A, Distinction), Architectural Design (93),

Practice in Design Institute (94), Ancient Architecture Measuring (91).

PROFESSIONAL EXPERIENCE

Hainan Provincial Design & Research Institute Co., Ltd

May – Oct. 2023

Provincial, Grade-A Certified Architectural Design Institute | Architectural Intern

Hainan, China

AI Development | **Developed an AI-assisted workflow** for the department using ComfyUI and Stable Diffusion, and liaised with clients on stylistic options, resulting in three proposals being selected.

Design Delivery | Contributed to concept and schematic-stage design, including development-stage modelling, and assisted in producing technical drawings and renderings. Designed and coordinated **20+ architectural units** and **multiple residential masterplans**, contributing to the **approval and delivery of 10+ projects**, across residential, university campus developments, and urban regeneration projects.

Technical Work | Produced and revised **30+ technical drawing packages**. Adjusted plan and elevation layouts based on regulatory analysis of daylight requirements, green space ratios, and parking layouts, and prepared corresponding sectional drawings.

Shenzhen Huahui Design Co., Ltd

Aug. – Oct. 2021

Grade-A Certified Architectural Design Firm | Architectural Intern

Guangdong, China

Tender & Delivery | Contributed to the successful award of **1 public tender** and the delivery of **3 commissioned projects**.

Design Studies | Produced **7 typology studies** for architectural forms and **3 urban regeneration masterplan sketches**. Assisted with **3+ sets of technical drawings**, including junction details and elevation material zoning.

Parametrisation | **Parametrised an existing manual workflow** for adjusting design metrics, and iterated multiple layout options under regulatory constraints in response to clients and governmental authorities.

Coordination | Converted and coordinated multi-software model assets between visualisation and physical model teams, providing fabrication and material recommendations adopted by the team.

Shaanxi Provincial Bureau of Cultural Relics Protection

May 2019

National Key Ancient Architectural Mapping Project | Xiyue Temple Mapping Group Member

Shaanxi, China

On-site Mapping | Utilized **total stations** to capture **point cloud data** of historic structures and produced **15 detailed technical drawing sets**, including sections and truss underside views.

AWARDS & PUBLICATIONS

Distinction Graduation Project - National Transportation Architecture Joint Graduation Design

June 2021

Tied for the Second Prize (the first prize vacant) - 2020 Future Community International Design

Oct. 2020

Third Prize - Zhongshan OCT Happy Coast Centre Green Axis Public Space Design Competition

Sept. 2021

Masterpiece Award - UA Creation Award & International Concept Design Competition

Dec. 2018

Published Paper - The 3rd National Architectural Review Symposium Conference

Nov. 2019

LANGUAGES & SOFTWARE SKILLS

Languages | English (IELTS 6.5), Mandarin Chinese (Native), Cantonese (Conversational)

Software Skills | Rhino, Grasshopper, SketchUp, AutoCAD, V-Ray, D5 Render, Photoshop, Illustrator, InDesign (Primary); C# / Python for Unity, Visual Studio, Arduino IDE, VS Code, Cursor, Anaconda Prompt, CloudCompare, Maya, Unreal, Blender, Houdini, Enscape, KeyShot, Premiere Pro (Secondary).
